### MAXIMIZE THE MAXIMUM

*by Don Chuckie*

*"the God who equipped me with strength and made my way blameless. He made my feet like the feet of a deer and set me secure on the heights. He trains my hands for war, so that my arms can bend a bow of bronze. Psalm 18:32-34"*

An assured principle that one can consciously apply in order to either accentuate the positive and not the negative or to focus on strengths and not on weaknesses; is to maximize the maximum and minimize the minimum".

For those individuals who are able to unlock and unleash their innate abilities(talents) by maximizing their strengths and minimizing their weaknesses, are the same individuals who the entire World compensates and celebrates as trend setters, path finders, trail blazers, record breakers, exemplary figures, very important personalities, agents of change, pace makers, motivational speakers, inspirational and visionary leaders...Indeed, it is needless to say more.
